LR 30

LB 99, 163, 161, 281, 356, 358, 387,
391, 495, 538, 569, 585, 591, 594

to the people of which I am a part a vote in the operation of this government. So since you are going to deny the vote ultimately, you should not also deny the opportunity to discuss the issue. I see no reason why this proposition could not be submitted to a public hearing as we were told it would be. Then let me sit down, I have been told something and as circumstances change, I can change.

SPEAKER MARVEL: Okay, Senator Newell, there is time for one statement from you on your time left and then I'm going to recognize Senator Haberman.

SENATOR NEWELL: I was only going to mention that it was, in fact, my understanding that this bill was going to be referred and until it was, until it was referred to General File which is not the reference I was told that it was going to be referred to. I was told that it was going to go to government. I assumed that that was going to take place. With that I thank you for your indulgence.

SPEAKER MARVEL: Senator Haberman.

SENATOR HABERMAN: Mr. President, fellow colleagues. In view of what has been said today, and some of the accusations that have been cast against my sterling character, I hereby agree, Mr. President, that we should have a public hearing on this issue. I ask unanimous consent be given that it go to the Government Committee to have a public hearing this summer.

SPEAKER MARVEL: Unanimous consent is requested to send the bill to the Government Committee for a public hearing. Okay the motion before the House is the bill be send to the Government Committee. All those in favor of that motion vote aye, opposed vote no. The vote is to send the resolution LR 30 to the Government Committee. Have you all voted? Record the vote.

CLERK: 30 ayes, 4 nays to refer the bill to the Government Committee.

SPEAKER MARVEL: The motion is carried. The bill is referred. Now what else do you have?

CLERK: Mr. President, your committee on E & R respectfully reports that we have carefully examined and ...LB 358 and find the same correctly enrolled, 495 correctly enrolled, 99 correctly enrolled, 136 correctly enrolled, 281, 356, 538 569, 161, 387, 585, 591 and 594 all correctly enrolled.
